Wisdom’s Feast

In today’s Scripture text, King Solomon talks about wisdom like it is a woman who is hosting a great banquet. If she were a woman, Wisdom has prepared food and wine and set the table. The servants have been sent out and she calls out from the highest point in the city. Wisdom calls to those who are foolish, “Come to my house, eat my food, and drink what has been prepared for you. Stop doing foolish things and you will live. Learn to use good judgment. Don’t correct those who are proud and arrogant; they will only hate you. Teach the wise and they will become wiser. You become wise as you respect and honor God. You gain wisdom as you come to know God.”

Solomon also talks about Folly, or foolishness, like it is a woman who does not know anything. Folly is like a loud woman who does not have wisdom or knowledge. She sits at the door of her house and calls to the people passing by. She (Folly) does not make good choices. She only gives what has been taken. Folly does not help people live a new life.
Hello, everyone! Ruby here! Have you ever heard of diabetes [die-uh-bee-deez]? The term has been around since 250 BC. That’s a very long time! There are two types of diabetes: type 1 and type 2. Diabetes happens when your body does not make enough insulin, a hormone that helps manage the body’s blood sugar. In 1922, scientists Sir Frederick Grant Banting and Charles Herbert Best found a way to effectively treat diabetes. In 1923, Mr. Banting received the Nobel Prize in Medicine. The scientists did not charge for their medicine and millions of diabetics around the world had access to insulin for free!
Create a Pictogram

Create a “Proverbs Pictogram” by replacing some of the words from today’s lesson with pictures that mean the same thing.

1. Wisdom has built her ___.

2. Food and wine have been prepared and Wisdom has set the ___.

3. The servants have been sent out and she calls out from the ___.

4. “Folly” sits at the ___ of her house and calls to the people passing by.
What I Have Learned

On each gift box, write one *proverb* (statement of advice or truth) that you read about in today’s lesson.
